FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Agriculture** assume no fiscal impact. Current staffing should be sufficient to administer the program.

The Department of Agriculture assumes, subject to appropriations through General Revenue, the following:

There are approximately 114,000 dairy cows in the state. The state average cull rate on dairy cows is about 28%. University of Missouri Commercial Ag Dairy Economists estimate that of the replacement animals going back into the herd, about 10% are actually purchased and the other 90% are raised on the farm. Currently good replacement animals are selling for about \$1,875 per head. Assuming a 8% interest rate and a 30% participation rate by dairy farmers.

$114,000 \text{ head} \times 28\% \text{ cull rate} \times 10\% \text{ purchased} \times \$1,875 \text{ per head} \times 8\% \text{ interest rate} \times 30\% \text{ participation rate} = \$143,640.$

Assuming that Missouri will see a 5% increase in new dairies and expansions.

$114,000 \times 5\% \text{ increase} \times \$1,875 \text{ per head} \times 8\% \text{ interest rate} \times 30\% \text{ participation rate} = \$256,500.$

TOTAL $\$143,640 + \$256,500 = \$400,140.$

Officials from the **State Treasurer's Office (STO)** assume, subject to appropriations, the Missouri Agricultural and Small Business Development authority shall pay for the first full year of charged interest on any applicable Missouri linked deposit program loan. Applicable loans will be for the acquisition of dairy cows and other replacement dairy females.

The STO will need an FTE (Accounting Analyst I/Time Deposit Coordinator - \$37,896 plus \$17,407 fringes = \$55,303) to track and/or verify this information with the participating financial institution.

Officials from the **Office of Administration - Division of Accounting and Department of Revenue** assume no fiscal impact to their agencies.

FISCAL IMPACT - Small Business

Yes. This program will have a positive economic impact on dairy farmers in the amount of the first years interest on qualify loans.

FISCAL DESCRIPTION

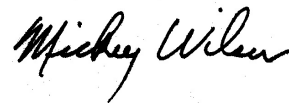

The proposed legislation is subject to appropriations.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
