**FISCAL ANALYSIS**

ASSUMPTION

Officials from the **Office of the Secretary of State (SOS)** provided the following response:

Many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from the **Office of Administration, Administrative Hearing Commission, the Department of Economic Development, Division of Workforce Development, and the Department of Labor and Industrial Relations** assume this proposal would have no fiscal impact to their organizations.

Officials from the **Office of Administration, Missouri Commission on Human Rights** did not respond to our request for information.

**Oversight** assumes this proposal would have no fiscal impact to state or local government organizations.
