**FISCAL ANALYSIS**

---

ASSUMPTION

Officials from the **Office of the State Courts Administrator** and the **Department of Social Services** each assume the proposal would have no fiscal impact on their respective agencies.

Officials from the **Department of Elementary and Secondary Education** assume there is no way to calculate a fiscal cost associated with this proposal. Many districts will not find it necessary to hire an "educational liaison" as existing staff will take on the additional responsibilities. However, some of the larger districts will find it necessary to hire additional staff to keep up with all the requirements of this language. Costs statewide will likely exceed \$100,000.

**Oversight** assumes the school districts could absorb any additional administrative duties related to this proposal.

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
