FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assume this bill designates a new state symbol and may result in revisions to the School/Information Packet (state symbols brochure and coloring book) and the Official Manual (state symbols section) as published by the SOS.

Based on current content and distribution of the School Information Packet as published, the SOS would revise the materials of the packet to include the newly designated state symbol. The estimated cost to revise the packet for the approximately 100,000 packets distributed each fiscal year is \$500.

Based on the current content and layout of the state symbols section of the Official Manual, the SOS would revise this section to include a photo of the symbol and may result in additional page(s) to the book. The estimated cost of revising this section of the Official Manual would be \$0.03 per book. Additionally, the office would incur the cost of payment to an artist for a rendition of the new symbol. Based on historical costs, this is approximately \$100 per symbol.

Officials at the **Department of Agriculture** assume that there is no fiscal impact from this proposal.

Oversight assumes that the Office of the Secretary of State can absorb any costs associated with this proposal with existing resources.
