FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Missouri State Treasurer, Department of Elementary and Secondary Education, Department of Health and Senior Services** and the **Missouri Health Facilities Review Committee** each assume the proposal would have no fiscal impact on their respective agencies.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Department of Social Services** state the transition grant already exists in RSMo Section 208.810 as the "transition to independence grant." This proposal requires that the DHSS Division of Senior and Disability Services (instead of the Division of Vocational Rehabilitation) in cooperation with the DSS establish and administer the grants and seek federal and private grants moneys.

The requirement that the MO HealthNet Division assist with developing information and training on community-based service options for residents transitioning into the community is removed in this proposal.

Since the transition grant already exists in statute as the Missouri transition to independence grant and there is only a slight change with the removal of the requirement for the MHD to assist with training, the MHD assumes no impact.

ASSUMPTION (continued)

Officials from the **Department of Mental Health (DMH)** assume the number of DMH clients transitioning from a nursing home back into the community is minimal. Therefore, the fiscal impact would be negligible.

<u>FISCAL IMPACT - State Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
