FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator, Office of Attorney General, Department of Economic Development - Public Service Commission, Department of Revenue, and Department of Public Safety** assumes the proposal will have no fiscal impact on their organizations.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide competent, effective representation for any new cases arising where indigent persons are charged with new crimes relating to the purchase of scrap yards. It will be a new misdemeanor for scrap yards to purchase beer kegs or manhole covers. It will also be a new misdemeanor for failure to maintain records. It will become a class D felony to steal wire or plumbing material containing metal.

Passage of bills increasing penalties on existing crimes, or creating new crimes, requires the SPD system to further extend resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials from the **Department of Corrections (DOC)** state the DOC cannot predict the number of new commitments which may result from the creation of the offenses(s) outlined in this proposal. An increase in commitment depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through either incarceration (FY 06 average of \$39.43 per inmate per day or an annual cost of \$14,394 per inmate) or through supervision provided by the Board of Probation and Parole (FY 06 average of \$2.52 per offender, per day or an annual cost of \$920 per offender per year).

DOC assumes the narrow scope of the crime will not encompass a large number of offenders. The low felony status of the crime enhances the possibility of plea-bargaining or the imposition of a probation sentence. The probability also exists that offenders would be charged with a

similar but more serious offence of that sentences may run concurrent to one another. Supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of Prosecution Services (OPS)** did not respond to our request for a statement of fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011

<u>FISCAL IMPACT - Local Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

The proposal will administratively impact small business scrap metal businesses because of more stringent record-keeping requirements.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

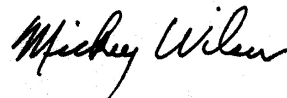

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
