FISCAL ANALYSIS

ASSUMPTION

Officials of the **Office of the Secretary of State - Elections** assume no fiscal impact to their office.

Officials of the **Office of the State Courts Administrator** assume no fiscal impact on the Courts.

Officials of the **Department of Corrections** assume no fiscal impact to the department. Officials stated that the legislation spells out that punishment would be served in the county jail.

Officials of the **Office of Prosecution Services** stated that they are not aware of any estimates of the number of additional criminal cases that would be referred to County Prosecutors for charges because of this proposed legislation. Additionally, the Office of Prosecution Services is not otherwise able to establish a workable estimate of the number of additional criminal cases that would be referred to County Prosecutors for charges, though it is not believed that a significant number of additional criminal case referrals would result from this proposed legislation. While it is difficult, therefore, to determine if this proposal would have a significant direct fiscal impact on county prosecutors or the Office of Prosecution Services, it is assumed that any fiscal impact will not be significant.

Oversight assumes County Prosecutors could handle any additional prosecutions with existing staff and resources, and assume no local fiscal impact. **Oversight** would expect substantial compliance with the law.
