

COMMITTEE ON LEGISLATIVE RESEARCH
OVERSIGHT DIVISION

FISCAL NOTE

L.R. No.: 4412-02
Bill No.: SB 1058
Subject: Abortion; Crime and Punishment; Health Department
Type: Original
Date: February 18, 2008

Bill Summary: This legislation enacts provisions regarding the coercion of abortions.

FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND			
FUND AFFECTED	FY 2009	FY 2010	FY 2011
General Revenue	(\$114,500 to Unknown)	(\$117,922 to Unknown)	(\$118,460 to Unknown)
Total Estimated Net Effect on General Revenue Fund	(\$114,500 to Unknown)	(\$117,922 to Unknown)	(\$118,460 to Unknown)

ESTIMATED NET EFFECT ON OTHER STATE FUNDS			
FUND AFFECTED	FY 2009	FY 2010	FY 2011
Total Estimated Net Effect on <u>Other</u> State Funds	\$0	\$0	\$0

Numbers within parentheses: () indicate costs or losses.
This fiscal note contains 9 pages.

ESTIMATED NET EFFECT ON FEDERAL FUNDS			
FUND AFFECTED	FY 2009	FY 2010	FY 2011
Total Estimated Net Effect on <u>All</u> Federal Funds	\$0	\$0	\$0

ESTIMATED NET EFFECT ON FULL TIME EQUIVALENT (FTE)			
FUND AFFECTED	FY 2009	FY 2010	FY 2011
Total Estimated Net Effect on FTE	0	0	0

Estimated Total Net Effect on All funds expected to exceed \$100,000 savings or (cost).

Estimated Net Effect on General Revenue Fund expected to exceed \$100,000 (cost).

ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2009	FY 2010	FY 2011
Local Government	\$0	\$0	\$0

FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Social Services, Office of Administration** and the **Department of Insurance, Financial Institutions & Professional Registration** each assume the proposal would have no fiscal impact on their respective agencies.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process. Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.

Officials from the **Office of the Attorney General (AGO)** state that implementing the proposed initiative petition would not directly affect the AGO. However, AGO assumes that because this proposal has the potential to be the subject of state and federal litigation, potential costs are unknown.

Oversight assumes, because the potential for litigation is speculative, that the AGO will not incur significant costs related to this proposal. If a fiscal impact were to result, the AGO may request additional funding through the appropriations process.

Officials from the **Office of the State Public Defender (SPD)** state for purposes of the proposal, the SPD cannot assume existing staff will provide competent, effective representation for any new cases arising where indigent persons are charged with the proposed new crime of coercing an abortion, a class A misdemeanor.

ASSUMPTION (continued)

While the number of new cases may be too few or uncertain to request additional funding for this specific proposal, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all of the SPD cases.

Oversight assumes the SPD could absorb the additional caseload that may result from this proposal within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget request.

Officials from the **Department of Corrections (DOC)** state this proposal both enhances existing crimes and creates new crimes.

Currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost either through incarceration (FY07 average of \$41.21 per inmate, per day or an annual cost of \$15,040 per inmate) or through supervision provided by the Board of Probation and Parole (FY07 average of \$2.43 per offender, per day or an annual cost of \$887 per offender).

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the Department. Seven (7) persons would have to be incarcerated per fiscal year to exceed \$100,000 annually. Due to the narrow scope of this new crime, it is assumed the impact would be less than \$100,000 per year for the DOC.

Oversight assumes the DOC could absorb the additional caseload that may result from this proposal within existing resources. Oversight assumes any significant increase in the workload of the DOC would be reflected in future budget request.

Officials from the **Department of Health and Senior Services** state the following:

Section 188.027. 1:

According to section 188.027.1(2) DHSS is to provide printed materials or an informational video to the licensed physician describing the "probable anatomical and physiological characteristics of the unborn child at two-week gestational increments from conception to full term...".

ASSUMPTION (continued)

In calendar year 2006, there were 11,833 resident abortions performed in Missouri. Since the Department has no way of determining exactly how many abortions will be conducted at each facility in a given year, it is assumed extra materials will need to be produced and provided to each facility. The Department assumes pamphlets/brochures for at least two times the number of 2006 abortions ($11,833 \times 2 = 23,666$, rounded up to 24,000) will need to be printed and distributed. At an estimated cost of \$0.50 per pamphlet/brochure, \$12,000 would be needed to purchase 24,000 copies.

Section 188.027.1(3) requires DHSS to provide the physician with printed materials or an informational video describing the various methods of abortion relevant to the stage of pregnancy, as well as any medical risks associated with each method. Subdivision (5) requires information on the possibility of the procedure causing pain to the unborn child. This information will be provided in one informative sheet listing the types of abortions as well as the side effects. This will result in a cost of \$1,200 ($24,000 \times \0.05 each).

DHSS is also required to maintain a geographically indexed list of health care providers, facilities, and clinics that perform ultrasounds, including those that offer services free of charge. The list should include contact information including telephone numbers and website addresses. There will be no additional cost for this requirement as a list of providers is currently available on the DHSS website.

Section 188.027.1 (6):

At least 24 hours prior to the procedure, the treating physician is required to explain the services available through the Missouri Alternatives to Abortion Program as well as any other programs and services available to pregnant women and mothers of newborn children that are offered by state agencies. This could potentially increase the number of referrals and the amount of services provided through the Alternatives to Abortion Program.

In 2006, there were 11,833 resident abortions performed in Missouri. The cost per client per year for the Alternatives to Abortion Program in 2007 was \$806.94. Currently the program provides services only to women 200 percent of the federal poverty level or below. The Missouri Budget Project estimates that 30 percent or more of Missouri women 18 years or older are at 200 percent of the federal poverty level. Based on this assumption, 3,550 ($11,833 \times 0.30$) women would be eligible for services provided through the Alternatives to Abortion Program. Cost for services for an additional 3,550 women in the program would be \$2,864,637 ($3,550 \times \806.94).

ASSUMPTION (continued)

The Department is unable to project how many of the estimated women eligible for the program would actually seek services. Therefore, the estimated fiscal impact for this portion is estimated to be a range between \$0 and \$2,864,637.

Section 188.027.1 (7):

DHSS is required to provide printed materials or an informational video explaining the legal duties and obligations of the father of the unborn child. These brochures are available through the Department of Social Services. DHSS will obtain these brochures at no cost for the distribution.

Section 188.027.2:

This section requires the physician to provide the woman with a checklist form stating that she has been presented all the information required. This checklist is to be provided by DHSS. The cost for 24,000 pre-abortion checklists is \$1,200 (24,000 x \$.05 each).

Section 188.027.10:

This section requires every abortion facility to display signs that contain a statement enforcing the idea that consent to an abortion is voluntary. DHSS shall promulgate rules specifying the location of the signs. The sign requirement must be considered as a condition of licensure of abortion facilities under Chapter 197. Promulgation and enforcement of the necessary rules would not result in a significant cost to the department, and will therefore be absorbed with existing resources. DHSS is required to provide the signs to each provider. The number of providers is unknown at this time. It is estimated that a minimum of 1,000 "coercion" posters will need to be printed and distributed at a cost of \$1,000 (1,000 posters x \$1.00 each). Shipping the posters to the providers would be approximately \$2,000 (1,000 posters x \$2.00 shipping).

Section 188.027.11:

Section 188.027.11 requires the Department to make all of the information provided to the physicians available to the public through the DHSS website, as well as maintain a toll-free, twenty-four-hour hotline telephone number where a caller can obtain information concerning the agencies and services described in the legislation. Information is currently available on the DHSS website through the Abortion Public Awareness Program. DHSS would be required to establish a toll-free, twenty-four-hour hotline telephone number. The Department is in the process of researching the cost of providing this service, but at this time is not able to determine the exact cost for this service. The Department estimates the cost may be up to \$100,000 annually. If the Department later determines the cost would be significantly less, a revised fiscal

note response will be submitted.

ASSUMPTION (continued)

The total fiscal impact for the Department of Health and Senior Services is (\$114,500 to \$2,501,698) for FY 2009 (10 months), (\$117,922 to \$3,068,498) for FY 2010, and (\$118,460 to \$3,157,553) for FY 2011.

Oversight assumes, an unknown cost for the various services provided by the Alternative to Abortion Program.

Officials from the **Office of Prosecution Services (OPS)** have not responded to Oversight's request for fiscal information.

<u>FISCAL IMPACT - State Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011
GENERAL REVENUE FUND			
<u>Costs - Department of Health and Senior Services</u>			
Pamphlet/Brochure Costs	(\$10,000)	(\$12,360)	(\$12,731)
Informative Sheet Costs	(\$1,000)	(\$1,236)	(\$1,273)
Alternatives to Abortion Program Costs	\$0 to (Unknown)	\$0 to (Unknown)	\$0 to (Unknown)
Pre-abortion Checklists Costs	(\$1,000)	(\$1,236)	(\$1,273)
Coercion Posters & Shipping Costs	(\$2,500)	(\$3,090)	(\$3,183)
24 Hour Hotline Costs	(\$100,000)	(\$100,000)	(\$100,000)
<u>Total Costs - DHSS</u>	<u>(\$114,500 to Unknown)</u>	<u>(\$117,922 to Unknown)</u>	<u>(\$118,460 to Unknown)</u>
ESTIMATED NET EFFECT ON GENERAL REVENUE FUND	<u>(\$114,500 to Unknown)</u>	<u>(\$117,922 to Unknown)</u>	<u>(\$118,460 to Unknown)</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2009 (10 Mo.)	FY 2010	FY 2011

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation modifies the informed consent requirements for an abortion by adding new requirements to be obtained at least twenty-four hours prior to an abortion. Some of the new requirements include presenting to the pregnant woman various new printed materials and videos, to be developed by the Department of Health and Senior Services by November 26, 2008, detailing the risks of an abortion and the physiological characteristics of an unborn child at two-week gestational increments. The woman must also be provided with the gestational age of the unborn child at the time the abortion is to be performed and must be given an opportunity to view an active ultrasound of the unborn child and hear the heartbeat of the unborn child, if the heartbeat is audible. Prior to an abortion being performed past twenty-two weeks gestational age, the woman must be provided information regarding the possibility of the abortion causing pain to the unborn child. In addition to the written informed consent, the legislation requires the physician to discuss the medical assistance and counseling resources available, advise the woman of the father's liability for child support, and provide information about the Alternatives to Abortion Program.

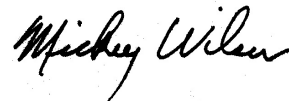

This legislation also creates the crime of knowingly coercing a woman to seek or obtain an abortion. Such coercion includes committing or threatening to do the following: abusing or stalking of the woman, committing an offense against the woman or her family; filing for dissolution of marriage, refusing to pay child support or provide financial support; taking the unborn child once born or her other children; changing the woman's house or existing residence; discharging the woman from her employment; or revoking a scholarship awarded to the woman. A violation of coercing an abortion may range from a Class A felony to a Class A misdemeanor, depending on the prescribed circumstances. This legislation also creates the crime of knowingly performing, inducing or assisting in an abortion on a woman who is a victim of coerced abortion. The elements of the crime are specified in the act and a violation of such crime constitutes a Class C felony.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
