**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Department of Public Safety – Missouri State Highway Patrol** and the **Office of the Secretary of State** assume the proposal would have no fiscal impact on their agencies.

In response to a previous version of the proposal (SCS for SB 8, LR # 0194-02), officials from the **Office of the Governor** and the **Missouri Senate** assumed the proposal would have no fiscal impact on their agencies.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors or the Office of Prosecution Services.

Officials from the **Department of Public Safety – Director’s Office (DPS)** assume they would incur costs for quarterly meetings. DPS assumes three members of the commission would reside in the Jefferson City area and two would have to travel to Jefferson City. DPS assumes three commissioners would require one night’s lodging and one day’s per diem for each of the meetings. DPS assumes four meetings would take place each year. Mileage is based on an average of approximately 300 miles round trip for each meeting at \$.52 per mile. DPS assumes the total cost to be \$2,245 in FY 10 and approximately \$2,300 in subsequent years.

**Officials from the Independence Police Department, St. Louis Metropolitan Crime Laboratory, and the St. Louis County Crime Laboratory did not respond to Oversight’s request for fiscal impact.**

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposal creates a five-member “Crime Laboratory Review Commission” to independently review the operations of crime laboratories in the state of Missouri that receive state-administered funding.

The commission shall have the power to assess the capabilities and needs of the crime labs, authorize independent external investigations into allegations of misconduct or negligence, issue reprimands to crime labs and their employees or contractors found to be negligent or engaging in misconduct, make recommendations for crime lab procedure when labs are found to be negligent, and issue reports summarizing findings of negligence or misconduct and making recommendations regarding revocation or suspension of grant funding.

The commission shall submit an annual report to the governor summarizing its activities and any suggestions to improve the quality management systems within the crime laboratories in the state, but shall not make recommendations related to relocation or consolidation of these crime laboratories.

The Department of Public Safety shall have the authority to revoke grant money from a crime lab if it does not cooperate with the commission or if allegations of serious negligence or misconduct are substantiated by the commission.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
