## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Office of the State Public Defender, Office of the State Courts Administrator, Office of the Attorney General, Office of the Secretary of State** and the **Office of the State Public Defender** assume that there is no fiscal impact from this proposal.

Officials from the **Department of Corrections (DOC)** stated that they could not predict the number of new commitments which could result from the creation of the offense(s) outlined in the proposal. An increase in commitments would depend on the utilization of prosecutors and the actual sentences imposed by the courts. If additional persons were sentenced to the custody of the DOC due to the provisions of this legislation, the DOC would incur a corresponding increase in operational costs either through incarceration (FY 2008 average \$15.64 per inmate, per day or an annual cost of \$5,709) or through supervision provided by the Board of Probation and Parole (FY 2008 average \$2.47 per offender, per day or an annual cost of \$902).

The following factors contribute to DOC's minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders.
- The low felony status of the crime enhances the possibility of plea-bargaining or imposition of a probation sentence.
- The probability exists that offenders would be charged with a similar but more serious offense or that sentences may run concurrent to one another.

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.
