FISCAL ANALYSIS

ASSUMPTION

Officials of the **Office of the State Auditor** assume that the changes in this legislation will result in changes to the property tax certification process conducted by the SAO. The changes in Section 137.073.2 that relate to the maximum authorized levys have the potential to generate a large number of questions for our office relating to the implementation timetable and the most recent voter approved property tax rate on file. We anticipate responding to a large number of phone calls, emails, and letters as a result of these changes and estimate that a 0.5 FTE at the Staff Auditor I level would be necessary to carry on the regular tax rate processing duties while another staff member focuses time to these requests.

Oversight assumes this would be accomplished during the normal budgetary process. Therefore, Oversight assumes the initial administrative impact of this proposal is \$0.

Officials of the Missouri State Tax Commission assume no fiscal impact.

Officials from **St. Louis County** and **Cass County** assume no fiscal impact to their county.

Oversight assumes this proposal is discretionary and would have no local fiscal impact without action by the governing body.

Oversight sent response requests to the following counties: Callaway County, Cole County, Greene County, Jackson County, St. Charles County, Platte County, Jefferson County and Franklin County. No response was received.
