

COMMITTEE ON LEGISLATIVE RESEARCH
OVERSIGHT DIVISION

FISCAL NOTE

L.R. No.: 0521-03
Bill No.: Perfected SCS for SB 100
Subject: Emergencies Environmental Protection; Fees; Natural Resources Dept.; Waste -
 Radioactive; Highway Patrol; Health Dept.; Railroads
Type: Original
Date: February 18, 2009

Bill Summary: Assesses fee on shippers that transport radioactive waste within Missouri

FISCAL SUMMARY

ESTIMATED NET EFFECT ON GENERAL REVENUE FUND			
FUND AFFECTED	FY 2010	FY 2011	FY 2012
General Revenue	\$19,786 to \$46,166	\$20,288 to \$47,336	\$20,801 to \$49,086
Total Estimated Net Effect on General Revenue Fund	\$19,786 to \$46,166	\$20,288 to \$47,336	\$20,801 to \$49,086

ESTIMATED NET EFFECT ON OTHER STATE FUNDS			
FUND AFFECTED	FY 2010	FY 2011	FY 2012
Environmental Radiation Monitor Fund	\$0	\$0	\$0
Total Estimated Net Effect on <u>Other</u> State Funds	\$0	\$0	\$0

Numbers within parentheses: () indicate costs or losses.
 This fiscal note contains 8 pages.

ESTIMATED NET EFFECT ON FEDERAL FUNDS			
FUND AFFECTED	FY 2010	FY 2011	FY 2012
Federal Funds	\$20,272 to \$47,303	\$20,789 to \$48,508	\$21,318 to \$49,742
Total Estimated Net Effect on <u>All</u> Federal Funds	\$20,272 to \$47,303	\$20,789 to \$48,508	\$21,318 to \$49,742

ESTIMATED NET EFFECT ON FULL TIME EQUIVALENT (FTE)			
FUND AFFECTED	FY 2010	FY 2011	FY 2012
General Revenue	(0.27 to 0.63)	(0.27 to 0.63)	(0.27 to 0.63)
Federal Funds	(0.37 to 0.73)	(0.37 to 0.73)	(0.37 to 0.73)
Total Estimated Net Effect on FTE	0	0	0

- Estimated Total Net Effect on All funds expected to exceed \$100,000 savings or (cost).
- Estimated Net Effect on General Revenue Fund expected to exceed \$100,000 (cost).

ESTIMATED NET EFFECT ON LOCAL FUNDS			
FUND AFFECTED	FY 2010	FY 2011	FY 2012
Local Government	\$0	\$0	\$0

FISCAL ANALYSIS
ASSUMPTION

Officials from the **Department of Health and Senior Services (DHSS)** did not respond to our request for a fiscal impact on SCS for SB 100. However, in response to SB 100 officials from the **Department of Health and Senior Services (DHSS)** assumed under this proposal, DHSS would be responsible for inspection of radioactive material and waste shipments that are the subject of this proposal. DHSS will also be involved in the training of public health officials, state and local emergency responders, and others concerned with the transport of radioactive wastes. Finally, Section 192.510, RSMo., requires DHSS to be responsible for responding to all emergencies involving radioactive material. Under this proposal, DHSS would respond to such incidents.

Oversight assumes these cost would be included in the costs provided by the Department of Natural Resources.

Officials from the **Department of Natural Resources (DNR)** assume since Missouri does not currently require notification or collect a fee on any low-level radioactive waste shipments, the total number currently transported through the state is unknown. To attempt to predict how many of each type of shipment is reasonable to expect in the upcoming year DNR staff gathered shipment data from Illinois and Iowa, as well as the federal Department of Energy (DOE). Because Illinois does not collect a fee on low-level waste, no data was available on shipments that might enter Missouri from Illinois. Iowa does track low-level shipments due to their fee on this type of waste, but not all shipments go through Missouri prior to entering Iowa. Information from the DOE indicates that shipments vary based on several factors. Currently, DOE is cleaning up several former nuclear weapons manufacturing facilities. The ultimate disposal site of this waste depends on the outcome of DOE's bidding procedure. Once a disposal facility is selected, DOE selects a shipping company, and the shipping company selects the shipment route. DOE does provide information on an annual basis, with an estimate of what type and number of shipments may come through the various states.

The proposal would establish a fee of \$125 for each truck or train transporting or shipping low-level radioactive waste through or within the state.

Using these sources of information, DNR estimates between 430 and 1,400 shipments can be anticipated in any given twelve-month period. The level of anticipated revenue as well as the level of effort needed to implement this proposal would be dependent on the number of shipments that came through Missouri. For purposes of this fiscal note, the department has shown the income from fees and the associated costs as a range to more accurately reflect potential fiscal impact to the state.

ASSUMPTION (continued)

In their response to 0521-02n (SB 100) officials from the **Department of Health and Senior Services (DHSS)** indicated that they would need 1 FTE to implement the training and inspections portions of this proposal. For purposes of this fiscal note response, the department has used DHSS's response to estimate radiological inspections, training, and equipment and supplies for state and local responders.

Option 1 - Income Low End of Range:

High-level: 2 shipments + 3 MURR no fee shipments	\$ 6,100
24 HRCQ shipments 285 miles each	\$ 94,200
400 low-level shipments annually	<u>\$ 50,000</u>
Estimated Annual Fee Income	\$150,300

Option 1 - Expenses:

Escorts: 2 high-level shipments (MURR direct pay)	\$ 2,960
DNR Fund Administration	\$ 16,984
Environmental Monitoring	\$ 13,500
Radiological Inspection, Training & Notification of Local Responders, Equipment & Supplies for State & Local Responders	<u>\$116,856</u>
Total Option 1 Expenses	\$150,300

Option 2 - Income High End Range

High-level shipments: 2 + 4 MURR no fee shipments	\$ 6,100
45 HRCQ shipments 285 miles each	\$176,625
350 non-DOE Lo-level shipments	\$ 43,750
1000 DOE low-level shipments	<u>\$125,000</u>
Estimated Annual Fee Income	\$351,475

Option 2 - Expenses

Escorts: 2 high-level shipments (MURR direct pay)	\$ 2,960
Escorts: 45 HRCQ shipments	\$ 66,600
DNR Fund Administration	\$ 39,717
Environmental Monitoring	\$ 13,500
Radiological Inspections, Training & Notification of Local Responders, Equipment & Supplies for State & Local Responders	<u>\$228,698</u>
Total Option 1 Expenses	\$351,475

ASSUMPTION (continued)

Monies would be used by DPS, DOH and DNR for purposes including, but not limited to, inspections, escorts, and security for waste shipment and planning; coordination of emergency response capability; education and training of state, county and local emergency responders; purchase and maintenance of necessary equipment; emergency responses to any transportation incident involving high-level radioactive waste, transuranic radioactive waste, highway route controlled quantity shipments, spent nuclear fuel or low-level radioactive waste; oversight of an environmental remediation necessary resulting from an incident; and administrative costs attributable to the state agencies which are incurred through their involvement.

To meet the staffing needs from this proposal the department would use existing FTE. The department would restructure the duties of the FTE to implement the requirements of this legislation. For purposes of this fiscal note, the costs for the FTE is charged to the Environmental Radiation Monitoring Fund which is a shift from the General Revenue Fund and Federal funds. Therefore, a corresponding savings is shown to the General Revenue Fund and Federal Funds.

County and local emergency responders would receive training, equipment and supplies as funds are available from this proposal.

Officials from the **Department of Transportation** and **Missouri Highway Patrol** assume there will be no fiscal impact to their agency at this time.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
GENERAL REVENUE			
<u>COST AVOIDANCE (SAVINGS) -</u> Department of Natural Resources			
Salaries (.27 FTE to .63 FTE)	\$12,677 to \$29,580	\$12,994 to \$30,318	\$13,318 to \$31,076
Fringe Benefits	\$5,606 to \$13,080	\$5,746 to \$13,407	\$5,889 to \$14,291
Equipment & Expense	<u>\$1,503 to</u> \$3,506	<u>\$1,548 to</u> \$3,611	<u>\$1,594 to</u> \$3,719
ESTIMATED NET EFFECT ON GENERAL REVENUE	<u>\$19,786 to</u> <u>\$46,166</u>	<u>\$20,288 to</u> <u>\$47,336</u>	<u>\$20,801 to</u> <u>\$49,086</u>
Estimated Net FTE Change for General Revenue	(.27 to .63)	(.27 to .63)	(.27 to .63)
ENVIRONMENTAL RADIATION MONITOR FUND			
<u>Income - Department of Natural Resources</u>			
<u>Option 1 - Income</u>			
Radioactive Materials Transport Fee	<u>\$150,300</u>	<u>\$150,300</u>	<u>\$150,300</u>
Total	<u>\$150,300</u>	<u>\$150,300</u>	<u>\$150,300</u>
<u>Option 2 - Income</u>			
Radioactive Materials Transport Fee	<u>\$351,475</u>	<u>\$351,475</u>	<u>\$351,475</u>
Total	<u>\$351,475</u>	<u>\$351,475</u>	<u>\$351,475</u>

FISCAL IMPACT - Federal Government FY 2010 FY 2011 FY 2012

FEDERAL GOVERNMENT

Cost Avoidance (Savings) - Federal Government \$20,272 to \$47,303 \$20,789 to \$48,508 \$21,318 to \$49,742

ESTIMATED NET EFFECT ON FEDERAL GOVERNMENT **\$20,272 to \$47,303** **\$20,789 to \$48,508** **\$21,318 to \$49,742**

Estimated Net FTE change for Federal Funds (.37 to .73) (.37 to .73) (.37 to .73)

FISCAL IMPACT - Local Government FY 2010 (10 Mo.) FY 2011 FY 2012

\$0 \$0 \$0

FISCAL IMPACT - Small Business

Potentially, if some radioactive waste haulers would be considered small businesses.

FISCAL DESCRIPTION

The proposed legislation assesses fees on shippers that transport radioactive waste within Missouri.

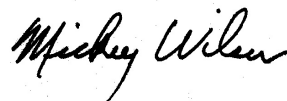

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
