FISCAL ANALYSIS

ASSUMPTION

Section 191.1025:

In response to a previous version of this proposal, officials from the **Office of Administration-Administrative Hearing Commission** assume the proposal would have no fiscal impact on their agency.

Officials from the **Department of Health and Senior Services** assume the legislation requires the Department to develop the Missouri Healthy Workplace Recognition Program for the purposes of granting official state recognition to employers with more than fifty employees for excellence in promoting health, wellness, and prevention. According to the Department of Economic Development, as of the first quarter of 2006, there were over 7,600 employers with 50 or more employees. It is assumed that not all employers will submit an application, but the exact number is unknown. Two additional FTE will be needed to implement the legislation:

- One Health Program Representative III (\$37,296, Grade A24, Range G): This position would be responsible for coordinating the program including development of the criteria for recognition of employers, promotion of the program, review of applications, and organization of award ceremonies.
- One Office Support Assistant (keyboarding) (\$21,984, Grade A09, Range E): This position would be responsible for the collection and entry of applications into a tracking database, forms processing, and communications with the eligible businesses.

Each year, five employers will be designated as the healthiest place to work in Missouri and shall be commemorated in a plaque for the employer. A 15" x 18" wood and brass plaque from Missouri Vocational Enterprises costs approximately \$100; 5 plaques x \$100 each = \$500 annually.

Oversight assumes since the program is under the Governor's council in this version than the DHSS could absorb one Health Program Rep. III FTE and one Office Support Assistant FTE. Oversight assumes any significant increase in the workload of the DHSS would be reflected in future budget request.
