FISCAL ANALYSIS

ASSUMPTION

Section 191.990:

Officials from the **Missouri Senate** assume the proposal would have no fiscal impact on their agency.

In response to a previous version of this proposal, officials from the **Office of the Missouri Governor** and the **Department of Insurance, Financial Institutions & Professional Registration** each assume the proposal would have no fiscal impact on their respective agencies.

In response to a previous version of this proposal, officials from the **Office of the Missouri Lieutenant Governor** assumes that all expenses will be covered by the Department of Health and Senior Services as prescribed in the proposed legislation.

Officials from the **Department of Social Services (DSS)** assume since the task force is established in the Department of Health and Senior Services (DHSS), DSS assumes DHSS would provide support to the task force. Participation by the Director of DSS as a member of the task force would not cause a significant fiscal impact to the Department of Social Services.

Officials from the **Missouri House of Representatives** assume that any expenses incurred by members serving on the task force would be paid by the Department of Health and Senior Services.

Officials from the **Department of Mental Health (DMH)** assume this legislation would require the Director of the DMH (or designee) to be a member of the Alzheimer's Task Force and potentially attend at least 4 meetings at diverse geographic regions in the state of Missouri. The legislation states the members will serve without compensation, but may be reimbursed for actual expenses from funds appropriated to the Department of Health and Senior Services. The cost, therefore, would not be borne by the DMH.

Officials from the **Department of Health and Senior Services (DHSS)** assume the Division of Senior and Disability Services within DHSS would be responsible for support of this task force. One Aging Program Specialist II (\$38,700, grade A25, range G) is requested to perform the following duties:

ASSUMPTION (continued)

- Arrange and support quarterly meetings of the Alzheimer's Task Force including setting meeting location; arranging travel for members and visitors; and assisting the chair in setting the agenda, furnishing background materials, and recording meeting minutes;
- Provide ongoing research on topics of consideration by task force including identification of resources, options, and recommendations;
- Assist the task force in developing and writing the Alzheimer's state plan;
- Develop and present information and correspondence on behalf of the task force to various stakeholder groups and associations; and
- Implement recommendations of the task force and the state plan.

Standard expense and equipment costs are included for this FTE.

According to section 191.115.5, the task force would meet at least four times in the first calendar year. The Department assumes that two meetings would take place in FY 2010 and two meetings would take place in FY 2011 (calendar year 2010). The task force would meet at the chair's call thereafter, at least annually. The standard cost of \$180 per member per meeting has been used to calculate the cost associated with the meetings:

Year one (FY 2010): Meetings: 2 meetings X 19 members X \$180/member = \$6,840

Section 191.115.6 requires the task force to submit a report of its findings and date-specific recommendations to the Governor and General Assembly no later than November 1, 2010. The cost of printing one report is approximately \$12.50 (based on the cost of printing a similar report). The Department estimates that 250 copies of the report will be needed to provide to the General Assembly, the Governor's Office, and committee members. Additional copies will be for any other interested parties.

Year two (FY 2011): Printing: \$12.50 X 250 = \$3,125

Meetings: 2 meetings X 19 members X \$180/member = \$6,840

Section 191.115.7 states, "The task force shall continue to meet at the request of the chair and at a minimum of one time annually for the purpose of evaluating the implementation and impact of the task force recommendation and to provide annual supplemental reports on the findings to the Governor and General Assembly." The Department assumes the task force will meet once each year and produce a supplemental report each year. For purposes of this estimate, the cost of the supplemental reports is assumed to be \$8.25 per copy (two-thirds of the cost of the original report).

ASSUMPTION (continued)

Year three (FY 2012) and thereafter: Printing: $\$8.25 \times 250 = \$2,063$ (per year)
Meetings: $1 \times 19 \times \$180 = \$3,420$ (per year)

Oversight assumes since the language was removed requiring DHSS to provide technical and administrative support services that the DHSS does not require One Aging Program Specialist II FTE. Oversight notes the language was removed requiring reimbursement of actual and necessary expenses and therefore, has not included DHSS's expense fiscal impact in the fiscal note. Oversight assumes the DHSS could absorb the printing cost and has not included it in the fiscal note.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

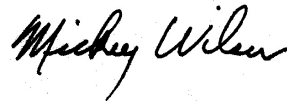

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
