## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assume there are just over 225,000 active limited liability companies (LLC) and 16,000 limited partnerships registered with the SOS. Since most LLCs and limited partnerships have a duration of perpetual or an average of 50 years, the number of companies and partnerships affected by this legislation, while unknown, is assumed to be minimal. SOS estimates they notify on average 360 LLC and limited partnerships each year of their upcoming expiration. Approximately 25% will expire while the rest are reinstated prior to expiring. Therefore, the number of notices sent by the SOS would be minimal and can be absorbed. The general revenue and the technology fund will increase by a minimal unknown amount due to an increase in the number of filing fees for reinstatements and amendments.

**Oversight** assumes that if only the 25% of companies that allow themselves to expire are eligible for reinstatement under this legislation then less than 90 companies a year would be effected by this legislation. Oversight assumes that not all of those companies would even want to continue so this legislation would have little to no impact.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

This legislation will have a positive impact on small business because it will make it easier for a limited liability company (LLC) and a limited partnership to continue the existing LLC or limited partnership rather than create a new LLC or partnership if the existing company or partnership fails to extend its duration.

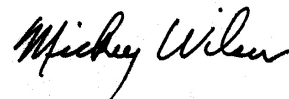

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
