FISCAL ANALYSIS

ASSUMPTION

Officials from the **State Tax Commission, Cass County** and **Department of Natural Resources** assume there will be no fiscal impact to their agency.

Section 204.363

In response to a similar proposal this year, SB 172, fiscal note 0445-01, officials from **Metropolitan St. Louis Sewer District (MSD)** assume this proposal will prohibit MSD from assessing any real property owner a fee, charge, or charge, or tax for storm water management services if the district does not directly provide sanitary sewer services to such property. This change to MSD's stormwater rate structure will necessitate additional programming costs of approximately \$50,000 and result in a more cumbersome billing and collection process.

The estimated revenue losses to MSD for the fiscal years 2010 - 2012 equals \$19,450,000. The estimated total revenue losses for fiscal years 2010 -2014 when the full stormwater rate of \$0.29 per 100 square feet of impervious surface takes effect is \$40,000,000.

Oversight assumes this proposal as written is enabling legislation and would require action by the county's governing body or by citizen petition with voter approval before fiscal impact would be realized. **Oversight** assumes no state or local fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
---	---------------------	---------	---------

<u>FISCAL IMPACT - Local Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
	\$0	\$0	\$0

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

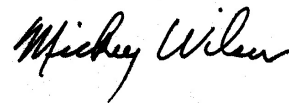

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
