FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services** assume the proposal will not fiscally impact their organization.

Officials from the **Department of Mental Health (DMH)** state the proposal would not place any obligation or requirement on the DMH that would create a fiscal impact.

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** state having reviewed the proposed legislation and having sought the conclusion of the appropriate board(s), they are of the opinion that this proposal, in its present form, has no fiscal impact on their organization.

Officials from the **Department of Social Services (DOS)** state the bill modifies the definition of “clinical social work” by adding community organization, planning, and evaluation to the list of activities that a clinical social worker engages in. The bill also prohibits government entities, public or private agencies, and organizations in the state from using the commonly used abbreviations for social worker designations to refer to volunteer or employment positions unless the volunteers or employees in those positions meet the criteria set forth in the licensing law.

The bill does not make any change to Section 337.603(2), which states that the social worker licensing requirements do not apply to, “The practice of any social worker who is employed by any agency or department of the state of Missouri while discharging the person’s duties in that capacity.” Since state employees remain exempt from licensing laws, no fiscal impact is anticipated.
