## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Health and Senior Services** assume the proposal will not fiscally impact their organization.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS realizes this is a small amount and does not expect that additional funding would be required to meet these costs. The SOS recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of that the office can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** state having reviewed the proposed legislation and having sought the conclusion of the appropriate board(s), they are of the opinion that this proposal, in its present form, has no fiscal impact on their organization.

<u>FISCAL IMPACT - State Government</u>	FY 2010 (10 Mo.)	FY 2011	FY 2012
