FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue, Department of Public Safety – Missouri State Highway Patrol, Boone County Sheriff’s Department, and the Jefferson City Police Department** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Corrections (DOC)** assume the penalty provision, the component of the bill to have potential fiscal impact for DOC, is for a class A misdemeanor.

DOC cannot currently predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through supervision provided by the Board of Probation and Parole (FY09 average of \$3.71 per offender per day, or an annual cost of \$1,354 per offender).

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of Prosecution Services** assume the proposal would have no measurable fiscal impact the Office of Prosecution Services or county prosecutors.

Officials from the **Office of the State Public Defender (SPD)** assume increasing penalties on existing crimes, or creating new crimes, will require more SPD resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

ASSUMPTION (continued)

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program, and would not require additional capital improvements or rental space.

The proposal contains an emergency clause for Sections 556.021 and 556.022, RSMo. The repeal and reenactment of these two sections would be in full force and effect upon the proposal's passage and approval.
