FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Agriculture (MDA)** state the fiscal impact on MDA is unknown. The amount of administrative assistance that may be required by this proposed legislation for the Farm-to-Table Advisory Board cannot be determined.

Officials at the **Department of Elementary and Secondary Education (DESE)** assumes this proposal would create an advisory board, one member of which shall be a representative from DESE. The department will likely incur minimal administrative expenses related to service on this board.

Officials at the **Department of Economic Development** state this proposed bill creates a Farm-to-Table Advisory Board under the administration of the Department of Agriculture. DED has a representative on the board and anticipates the need for \$4,000 associated with travel to board meetings and public meetings throughout the year.

Officials at the **Office of Administration Division of Budget and Planning (BAP)** did not respond to the proposed legislation, but in response to similar legislation LR 0830-01, SB 162 (2011) the department stated the proposed legislation should not result in additional costs or savings to BAP. There could be costs associated with travel for the Office of Administration committee member to attend meetings, although these costs should be minimal.

Oversight assumes that any administrative costs related to this proposal for the departments could be absorbed with existing appropriation.

Officials at the **Administrative Hearing Commission, Department of Corrections, and University of Missouri, and Department of Mental Health** assumes there is no fiscal impact from this proposed legislation.

Officials at the **Department of Health and Senior Services** did not respond to Oversight's request for fiscal impact, however in response to similar legislation LR 0830-01, SB 162 the department stated the proposal had no fiscal impact.
