FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions, and Professional Registration (DIFP)** believe the additional duties required under the provisions of this bill can be handled within the current FTE and appropriation levels. However, should the amount of work be more than anticipated, the DIFP would need to request an increase in FTE and appropriations through the budget process.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the SOS can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the costs of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

<u>FISCAL IMPACT - State Government</u>	FY 2012 (10 Mo.)	FY 2013	FY 2014

<u>FISCAL IMPACT - Local Government</u>	FY 2012 (10 Mo.)	FY 2013	FY 2014

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

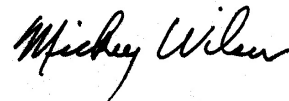

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
