FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Agriculture, Office of Administration (COA) - Division of Budget and Planning, Office of State Courts Administrator, Department of Elementary and Secondary Education, Department of Higher Education, Department of Insurance, Financial Institutions, and Professional Registration, Department of Mental Health, Department of Natural Resources, Department of Corrections, Department of Health and Senior Services, Department of Labor and Industrial Relations, Department of Revenue, Department of Social Services, Missouri Department of Transportation, Department of Public Safety (DPS) - Division of Fire Safety, DPS - Missouri Gaming Commission, DPS - Missouri State Highway Patrol, Missouri Senate, State Tax Commission, City of Kansas City, City of Raytown, City of Richmond, Parkway School District, Kansas City Metropolitan Community College, Missouri State University, Northwest Missouri State University, Missouri Western State University and Linn State Technical College** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of Attorney General** assume any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **COA - Administrative Hearing Commission** assume the proposal will not significantly alter its caseload.

Officials from the **Joint Committee on Administrative Rules** assumes the proposal would have no impact beyond its current appropriations.

Officials from the **Missouri Department of Conservation (MDC)** assume the proposal would have a minimal fiscal impact on the MDC as some staff time would likely be involved.

Oversight assumes the MDC could absorb the minimal fiscal impact within existing funding levels.

Officials from **Missouri Southern State University (MSSU)** assumes the proposal will have an indeterminate impact on their organization.

Oversight assumes, based on responses from other colleges and universities, that the impact on MSSU will be minimal.

ASSUMPTION (continued)

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the SOS can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the costs of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

Officials from the **Department of Economic Development (DED) - Business and Community Services Division** state the proposed legislation enacts the Community Services Commission Act and assigns the Missouri Community Services Commission to the DED under Section 620.580 - 620.592. It also creates the Community Services Commission Fund and allows the fund to receive appropriations, grants, gifts, etc. The DED assumes an unknown negative impact as a result of the legislation but is unable to determine whether or not this impact is over or under \$100,000 because the appropriation amount is unknown.

Further, the proposed legislation transfers the powers of the Seed Capital Investment Board to the Missouri Technology Corporation under Section 620.638. The DED assumes no fiscal impact on this revision.

Officials from the **Office of the Governor, Missouri House of Representatives, Office of Lieutenant Governor, Office of State Treasurer** and **University of Missouri** did not respond to **Oversight's** request for a statement of fiscal impact.

No other city, county, school, college/university, or court official responded to **Oversight's** request for a statement of fiscal impact.
