FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services** stated this proposal would have no fiscal impact on their agency.

According to officials from the **Department of Elementary and Secondary Education (DESE)**, the language in this proposal appears to be permissive in that school boards "may" authorize a school nurse to maintain a supply of asthma related rescue medications at school. Therefore, it does not appear that school districts will incur significant costs. However, DESE defers to those school districts who choose to supply the medication regarding any potential costs.

Officials from the **Parkway School District** and the **Independence School District** stated no fiscal impact on their respective school districts resulting from this proposed legislation.

Officials from the **Raytown School District** assumed costs would be minimal and are currently working with an allergist to develop a policy for consideration.

Officials from the **Special School District of St Louis County** state this proposal will cost their school district about \$1,680 a year.

Oversight assumes this proposal is permissive and, for fiscal purposes only, will assign no fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2013 (10 Mo.)	FY 2014	FY 2015
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>
<u>FISCAL IMPACT - Local Government</u>	FY 2013 (10 Mo.)	FY 2014	FY 2015
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
