FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the State Courts Administrator, State Tax Commission** and **Department of Revenue** each assume the proposal would not fiscally impact their respective agencies.

In response to a similar proposal from this year (HB 1116), officials from the **County of St Louis** stated the current proposal would not fiscally impact their agency.

In response to a previous version of the proposal, officials from the **Attorney General's Office** stated that any potential costs arising from this proposal can be absorbed with existing resources.

In response to a previous version of the proposal, officials from the **City of Kansas City** stated this legislation would have a positive fiscal impact on the City of approximately \$500,000 annually by not providing services to Jackson County Land Trust in the city.(mowing, boarding, demolishing).

Oversight assumes that this proposal could result in savings to the City of Kansas City if properties could be resold more quickly than under existing provisions. Oversight is not able to determine the number or value of properties which could be rehabilitated under this provision. Accordingly, Oversight will indicate savings to the City of Kansas City of \$0 (no properties qualify) to unknown (multiple properties qualify).

Officials from **Jackson County, the Jackson County Sheriff's Department,** and the **Buchanan County Sheriff's Department** did not respond to our request for fiscal impact.
