FISCAL ANALYSIS

ASSUMPTION

Officials at the **Missouri Ethics Commission, Office of Prosecution Services** and the **Office of the State Public Defender** each assume there is no fiscal impact to their organization from this proposal.

Officials at the **Office of Attorney General** assume that any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the **Department of Corrections (DOC)** stated that they could not predict the number of new commitments which could result from the creation of the offense(s) outlined in the proposal. An increase in commitments would depend on the utilization of prosecutors and the actual sentences imposed by the courts. If additional persons were sentenced to the custody of the DOC due to the provisions of this legislation, the DOC would incur a corresponding increase in operational costs through supervision provided by the Board of Probation and Parole (FY 2012 average \$4.960 per offender, per day or an annual cost of \$1,810).

In summary, supervision by the DOC through probation would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.
