FISCAL ANALYSIS

ASSUMPTION

§§ 52.230 - 52.240 - Property Tax Bills

Officials from the **Boone County Collector** assume this proposal would result in an unknown or minimal cost to the county. Any up front programming and annual maintenance costs to capture the requests electronically or provide access to property tax bills through the county web page would eventually be offset by savings from reduced paper, printing, and postage costs.

In response to the previous version of this proposal, officials from **St. Louis County** assumed an unknown but minimal cost to local government funds to send property tax bills 30 days before the taxes are delinquent.

Oversight assumes any potential costs resulting from this proposal to County Collectors could be absorbed with existing resources.

Officials at the **Missouri Tax Commission** assume the proposal would not fiscally impact their agency.

In response to the previous version of this proposal, officials at the **Parkway School District** assumed the proposal would not fiscally impact their agency.

Officials from numerous County Collectors and School Districts did not respond to **Oversight's** request for fiscal impact.
