FISCAL ANALYSIS

ASSUMPTION

§§ 100.293 and 135.284 Jobs Now Recommendation Committee
Oversight assumes there is no fiscal impact from this provision.

§ 135.800 Tax Credit Accountability Act
Oversight assumes there is no fiscal impact from this provision.

§§ 620.800, 620.803, 620.806 and 620.809 Missouri Works New Job Tax Credit
Officials at the **Office of Administration - Budget and Planning (BAP)** assume this proposal establishes the MO Works Training Program, which streamlines and renames the state's workforce training programs. The benefits provided by these programs are not capped in statute, but are limited by annual appropriation authority. To the extent modifications increase participation in the training programs, General or Total State Revenues could be reduced, but not by more than annual appropriation authority allows. This program may encourage other economic activity, but BAP does not have the data to estimate the induced revenues.

Officials at the **Department of Agriculture, Department of Economic Development, Department of Higher Education, Department of Natural Resources, Department of Revenue, Joint Committee on Administrative Rules, Metropolitan Community College, Missouri Senate, Office of the Governor** and the **Office of State Treasurer** each assume there is no fiscal impact to their organization from this proposal.

No other Community College responded to **Oversight's** request for impact.

Oversight assumes this proposal creates a new jobs credit and a retained jobs credit that allow a credit from withholding taxes. This proposal creates the following funds:

Missouri Works Job Development Fund - which shall receive money from the General Assembly, gifts, and other sources. **Oversight** assumes that all money received by this fund will be distributed per this proposal.

Missouri Works Community College New Jobs Training Fund - which shall receive money from the new jobs credits, gifts, and other sources. **Oversight** assumes that all money received by this fund will be distributed to community colleges per this proposal.

Missouri Works Community College Job Retention Training Fund - which shall receive

ASSUMPTION (continued)

money from the retained jobs credits, gifts, and other sources. **Oversight** assumes that all money received by this fund will be distributed per this proposal.

§ 620.1881 Quality Jobs

Oversight assumes there is no fiscal impact from this provision.

§ 620.1910 Manufacturing Jobs

Oversight assumes there is no fiscal impact from this provision.

Bill as a Whole

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

#Officials from the **Department of Economic Development (DED)** expanded upon their original 'No Fiscal Impact' response and stated the legislation proposes new programs that are replacements for the old ones. The provisions of the new programs are substantially similar to the old programs; therefore, there would not be a fiscal impact.

ASSUMPTION (continued)

#DED stated the existing program had the following expenditures (transfers from the General Revenue Fund into the Missouri Jobs Development Fund (MJDF)):

FY 2009	\$10,213,850
FY 2010	\$ 9,643,027
FY 2011	\$ 9,646,979
FY 2012	\$ 9,646,979
FY 2013	\$ 7,235,235

#The following is a summary of the deletion of the existing programs and the enactment of their replacements:

Current Programs (being deleted)	New Programs (new language)
Mo Job Development Fund (§§ 620.470 - 620.481)	Mo Works Job Development Fund
Mo Community College Jobs Training Program (§§ 178.892 - 178.896)	Mo Works Community College New Jobs Training Fund
Mo Community College Job Retention Training Fund (§§ 178.760 - 178.764)	Mo Works Community College Job Retention Training Fund

#Based upon the assurance from DED that the programs are substantially similar and wouldn't create an additional fiscal impact, **Oversight** will reflect a cost to the General Revenue Fund of the new Mo Works Job Development Fund program and a savings from the deletion of the Mo Job Development Fund program that offset each other and net to zero. Oversight will use the average of the four complete fiscal years provided by DED of the MJDF program (FY 2009 - FY 2012) of \$9.8 million.

#The Missouri Job Development Fund, the Missouri Community College Jobs Training Fund, and the Missouri Community College Job Retention Training Fund are each being deleted in this proposal.

FISCAL IMPACT - Small Business

Small businesses that use the previous or new programs could potentially be impacted by this proposal.

FISCAL DESCRIPTION

This proposal requires the Department of Economic Development to establish the Missouri Works Training Program to assist qualified companies with the training of employees in new jobs and the retraining or upgrading of the skills of full-time employees in retained jobs. The program is to be funded through appropriations to the Missouri Works Job Development Fund which was formerly the Missouri Job Development Fund, the Missouri Works Community

FISCAL DESCRIPTION (continued)

College New Jobs Training Fund which was formerly the Missouri Community College Job Training Program Fund, and the Missouri Works Community College Job Retention Training Fund which was formerly the Missouri Community College Job Retention Training Program Fund. The department must, to the maximum extent practicable, prioritize funding to assist qualified companies in targeted industries. The bill specifies the requirements for a qualified company to receive benefits under the program, how the benefits will be calculated, and the penalties for failure to meet any requirements under the program. These provisions will expire July 1, 2019, unless reauthorized by the General Assembly.

The provisions regarding the Missouri Job Training Joint Legislative Oversight Committee are repealed and the Missouri Works Job Training Joint Legislative Oversight Committee is established consisting of three members of the House of Representatives appointed by the Speaker and three members of the Senate appointed by the President Pro Tem. An annual report must be submitted by October 1 to the Governor, Speaker of the House of Representatives, and President Pro Tem of the Senate regarding all assistance provided to industries under these provisions during the preceding fiscal year.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
