## FISCAL ANALYSIS

### ASSUMPTION

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons faced with the enhanced penalties for possession of child pornography.

While the number of new cases may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation.

**Oversight** assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials from the **Department of Corrections (DOC)** state the penalty provision component of this bill resulting in potential fiscal impact for DOC, is for up to a class B felony. Currently, the DOC cannot predict the number of new commitments which may result from the enhancement of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in direct offender cost either through incarceration (FY12 average of \$17.059 per offender, per day, or an annual cost of \$6,227 per inmate) or through supervision provided by the Board of Probation and Parole (FY12 average of \$4.960 per offender, per day, or an annual cost of \$1,810 per offender).

In summary, supervision by the DOC through probation or incarceration would result in additional unknown costs to the department. Seventeen (17) persons would have to be incarcerated per each fiscal year to exceed \$100,000 annually. Due to the narrow scope of this new crime, it is assumed the impact would be less than \$100,000 per year for the DOC.

Officials at the **Department of Mental Health, Missouri Highway Patrol, Office of Prosecution Services** and **Office of State Courts Administrator** each assume there is no fiscal impact to their organization from this proposal.
