FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Higher Education (DHE)** assume this bill would repeal the prohibition on a quality rating system for early childhood education that is not established through Missouri statute. Since the bill only deletes a current prohibition and does not mandate any action by the DHE or any public college or university, the proposal would have no direct fiscal impact on the DHE or public higher education in Missouri.

Officials from the **Department of Elementary and Secondary Education** state this proposal will have no fiscal impact on their agency or on school districts.

Officials from the **Office of State Courts Administrator** anticipate no fiscal impact on the Courts.

Officials from the **Joint Committee on Administrative Rules (JCAR)** stated this proposed legislation is not anticipated to cause a fiscal impact to JCAR beyond its current appropriation.

Officials from the **Office of Attorney General** assume any potential costs arising from this proposal can be absorbed with existing resources.

Officials from the following agencies anticipate no direct fiscal impact on their respective agencies: **Missouri House of Representatives**, the **Department of Health and Senior Services**, the **Department of Social Services - Children's Division**, the **Missouri Senate**, and the **Department of Revenue**.

According to officials from the **Office of Secretary of State (SOS)**, many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$2,500. SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain with their core budget. Therefore, SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

ASSUMPTION (continued)

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal with core funding. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **University of Central Missouri, Northwest Missouri State University, Linn State Technical College, Missouri Western State University, Missouri State University,** and the **University of Missouri System** anticipate no fiscal impact on their respective institutions of higher education.

Officials from the following colleges and universities: Crowder, East Central Community College, Harris-Stowe, Jefferson College, Kansas City Metro Community College, Lincoln University, Moberly Area Community College, Missouri Southern State University, Southeast Missouri State University, State Fair Community College, St. Charles Community College, St. Louis Community College, Three Rivers Community College, University of Central Missouri, University of Missouri System, and Truman State University did not respond to **Oversight's** request for fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2015 (10 Mo.)	FY 2016	FY 2017

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

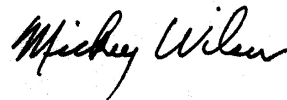

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
