FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume the proposal will have no fiscal impact on their organization.

§ 301.640

Officials from the **Department of Revenue (DOR)** assume this proposal allows the DOR to adopt rules and regulations to allow for a lien holder who files a lien electronically to release the lien electronically. The Department is given rule making authority.

It is assumed that only liens filed via the Department's online Notice of Lien system will be allowed to be released online.

DOR assumes the language in this proposal is permissive and the department is unsure of the capabilities to release liens online will be available. For the purposes of this fiscal note the DOR will show the impact beginning in FY `16.

The following procedures will need to be implemented for the changes in this proposal:

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours at a cost of \$840 in FY `16.
- The titling manual will need to be revised. This will require 40 hours for a Management Analyst Specialist I, at a cost of \$840 in FY `16.
- The Department's website will need to be updated. This will require 10 hours for an Administrative Analyst III, at a cost of \$230 in FY `16.
- Motor Vehicle Bureau testing for identified system modifications will require 80 hours for each system modification for a total of 160 hours by a Management Analyst Specialist I at a cost of \$3,360 in FY `16.
- The promulgation of rules associated with this section will require 80 hours for a Revenue Manager Band 1 to prepare at a cost of \$2,160, communicate with executive staff, and finalize the administrative rules and 15 hours for an Administrative Office Support Assistant at a cost of \$240 to finalize and complete all filing requirements with the Secretary of State's Office.

ASSUMPTION (continued)

- OA-ITSD system Modifications will require 5,480 hours at a cost of \$27.30 an hour totaling \$149,604 in FY '16.

In summary, DOR assumes a cost of \$157,274 (\$840 + \$840 + \$230 + \$3,360 + \$2,160 + \$240 + \$149,604) in FY 2016 to provide for the implementation of the changes in this proposal.

Oversight assumes DOR is provided with core funding to handle a certain amount of activity each year. Oversight assumes DOR could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.
