FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Secretary of State (SOS)** stated many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from the **Office of Administration - Division of Budget and Planning (BAP)** stated the proposal would have a statewide impact, as well as impacting the calculation under Article X, Section 18(e).

BAP officials noted this proposal would extend the existing sales tax exemption for replacement parts and associated equipment for aircraft.

ASSUMPTION (continued)

BAP noted the following amounts of taxable sales as reported in the Department of Revenue 2012 Annual Report:

| <u>Industry Category</u> | <u>Sales, in Millions</u> |
|--------------------------|---------------------------|
| Aircraft dealers | \$101.0 |
| Aircraft and parts | \$ 24.1 |

BAP officials stated they are unable to determine how much of these sales may have been for qualifying aircraft or parts, or if there are aircraft-related sales that may be coded to other categories.

Officials from the **Department of Revenue** assumed this proposal would have no fiscal impact on their organization.

Officials from the **Joint Committee on Administrative Rules** assume this proposal would not have a fiscal impact on their organization.

Oversight notes the total reported sales by the Department of Revenue are (\$101.0 million + \$24.1 million) = \$125.1 million. Sales tax on those amounts would be as shown below.

| <u>Fund or entity</u> | <u>Sales Tax Rate</u> | <u>Revenue Reduction</u> |
|------------------------------|-----------------------|--------------------------|
| General Revenue | 3.000% | \$3,753,000 |
| School District Trust | 1.000% | \$1,251,000 |
| Conservation Commission | 0.125% | \$156,375 |
| Parks, and Soil and Water | 0.100% | \$125,100 |
| Local Governments * | 3.700% | \$4,628,700 |

* The 3.7% average rate for local governments was computed by Oversight based on collections reported by the Department of Revenue.

ASSUMPTION (continued)

Oversight notes this proposal would extend the current sales tax exemption for materials, replacement parts, and equipment for aircraft which would expire January 1, 2015 (FY 2015) under existing provisions. Oversight assumes at least part of the reported sales by aircraft dealers could be for materials, replacement parts, and equipment. This provision would make the exemption permanent and would have a fiscal impact in FY 2015, FY 2016, and FY 2017.

For fiscal note purposes, Oversight will assume the General Revenue Fund, School District Trust Fund, and local governments would have a revenue reduction greater than \$100,000 per year, and the Conservation Commission Fund and the Parks, and Soil and Water Fund would have a revenue reduction less than \$100,000 per year.

Oversight notes the revenue reduction for the School District Trust Fund would result in reduced transfers to local school districts but will not include those transfers in this fiscal note.

FISCAL IMPACT - Small Business

This proposal would have an impact on small businesses which have aircraft parts and equipment sales.

FISCAL DESCRIPTION

This proposal would extend a sales tax exemption for replacement parts to aircraft.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
