## FISCAL ANALYSIS

### ASSUMPTION

#### SCR 5 - Lead Industry Task Force:

Officials from the **Missouri House of Representatives** assume the House can absorb the expenses of members on the task force.

Officials from the **Department of Natural Resources** and the **Missouri Senate** each assume the proposal would not fiscally impact their respective agencies.

**Oversight** notes upon approval of the concurrent resolution task force members would receive reimbursement for their actual and necessary expenses incurred in attending meetings of the committee.

**Oversight** notes the Task Force will terminate by December 31, 2016 or before. Therefore, reimbursement of meeting expenses could occur in the current fiscal year, in FY16, or the first 6 months of FY17.

**Oversight** assumes reimbursement costs of the Task Force would be paid from the Missouri House and Senate Joint Contingent Fund, and these expenses could be absorbed by the fund. This fund receives normal appropriations for various business and legislative committee activity.

#### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

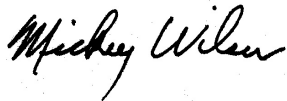

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
