FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** believe the provisions of this bill can be handled within current appropriations. However, should the extent of the work be more than anticipated, some boards may require an additional FTE and expenses, which would be requested through the appropriation process.

Senate Amendment 1

Oversight assumes this amendment adds the provisions of SB 146 into this proposal.

In response to SB 146, officials from the **Department of Elementary and Secondary Education**, the **Administrative Hearing Commission**, the **Department of Insurance, Financial Institutions and Professional Registration** and the **Department of Social Services** each assumed the proposal would not fiscally impact their respective agencies.

FISCAL IMPACT - Small Business

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
