FISCAL ANALYSIS

ASSUMPTION

§208.952 - Joint Committee on MO HealthNet

Officials from the **Missouri Senate (SEN)** did not respond to **Oversight's** request for a statement of fiscal impact. However, in a similar proposal from the current session (SB 38), SEN officials stated the proposal will have no fiscal impact to the Missouri Senate. However, the language of the proposal establishing a joint committee to study Medicaid issues will likely have a fiscal impact ranging from \$75,000 to \$165,000. This estimate is based on current appropriations (rounded) for the Joint Committees of: Education, \$75,000; Administrative Rules, \$124,000; and Retirement Systems, \$165,000. Costs of employment or consulting contracts to investigate MO HealthNet will depend on the area of specialization needed to complete the project. Also, actuarial services and/or economic forecasting for recipient demographics can range greatly; however, contract costs are likely to be less than \$100,000 annually.

Oversight will show a transfer of funds from the General Revenue Fund to the Joint Contingency Fund in an amount of "less than \$265,000" annually to cover the expenses of the Joint Committee on MO HealthNet and the contract/consulting costs to investigate MO HealthNet. Oversight assumes expenditures will equal funds transferred-in and will net to \$0. Oversight will also assume the estimated expenses of the joint committee include 2 FTE.

Officials from the **Missouri House of Representatives (MHR)** did not respond to **Oversight's** request for a statement of fiscal impact. However, in a similar proposal from the current session (Perfected SB 38), MHR officials stated the bill provides that expenses will be paid from the Joint Contingent Fund **or** the House and Senate Contingent Funds until an appropriation is made. For fiscal note purposes, the MHR assumes they would be responsible for half of the cost for staff, (estimated at \$125,000), half of the cost for equipment and expense (estimated at \$125,000), and committee member expenses of \$6,000 (10 members X 3 meetings per year X \$200 per member) for the Joint Committee on MO HealthNet. Therefore, the MHR assumes it could be responsible for approximately \$128,000 ($\$125,000 \text{ staff} + \$125,000 \text{ E\&E} + \$6,000 \text{ member expenses} = \$256,000/2 = \$128,000$).

Oversight notes 208.952.3 of the proposal provides that the committee will meet "at least twice per year" and will not adjust MHR's estimate of expenses for three (3) meetings per year as it is not a significant amount (\$2,000). Expenses proposed by the MHR appear to be in line with information provided by the Senate. Oversight will use the information provided by the Senate because of the costs provided for several joint committees and the inclusion of potential employment/contract costs. Oversight further assumes an appropriation will be made for the Joint Contingency Fund.

ASSUMPTION (continued)

Officials from **Department of Elementary and Secondary Education (DESE)** stated, depending on the actions of the committee, there could be a cost to the department.

DESE will have access to some state information through the MO Health Information Network exchange. However, DESE does not collect the data required through this proposal, especially at the district level. DESE can capture districts' Medicaid revenue at the end of the year through the Annual Secretary of the Board Report (ASBR), but it has no way to project future costs and growth for each school. Costs are unknown.

Oversight assumes MO HealthNet growth projections, including enrollment growth categorized by population and geographic area will be primarily the responsibility of the Department of Social Services and DESE will have minimal costs associated with this provision of the proposal.

Officials from the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Corrections**, the **Department of Social Services**, **MO HealthNet Division** and the **Division of Legal Services**, the **Missouri Office of Prosecution Services** and the **Office of State Courts Administrator** each assumed the proposal would not fiscally impact their respective agencies.
