#### **FISCAL ANALYSIS**

#### **ASSUMPTION**

Officials from the **Office of Administration - Division of Budget and Planning (BAP)** assume this proposal would exempt mandatory gratuities at restaurants from state sales tax. BAP officials noted that due to recent change in the federal Internal Revenue Service rules regarding mandatory gratuities for federal taxe purposes, most restaurants have begun moving away from charging these mandatory fees. Therefore, BAP officials assume this proposal would reduce Total State Revenue by less than \$100,000 and General Revenue by less than \$71,000 per year.

BAP officials provided an estimate of revenue reduction by fund for this proposal as follows.

| Fund or Entity            | FY 2016  | FY 2017   | FY 2018   |
|---------------------------|----------|-----------|-----------|
| General Revenue           | \$28,000 | \$71,000  | \$71,000  |
| Conservation              | \$1,000  | \$3,000   | \$3,000   |
| Parks, and Soil and Water | \$1,000  | \$2,000   | \$2,000   |
| Education                 | \$9,000  | \$24,000  | \$24,000  |
| Total                     | \$71,000 | \$100,000 | \$100,000 |

**Oversight** has no independent information regarding the amount of mandatory service charges at restaurants, and will assume for fiscal note purposes the BAP estimate is the best available. Oversight notes the full year estimate of \$100,000 in revenues would indicate a taxable sales base of (\$100,000 / .04225) = \$2,366,864. For convenience, Oversight will round that amount to \$2.4 million and compute sales taxes on that amount as shown in the following table.

### ASSUMPTION (continued)

|                              |                | Estimated Revenue Reduction |               |  |
|------------------------------|----------------|-----------------------------|---------------|--|
| Fund                         | Sales Tax Rate | Ten Months                  | Twelve Months |  |
| General Revenue              | 3.000%         | \$60,000                    | \$72,000      |  |
| School District Trust        | 1.000%         | \$20,000                    | \$24,000      |  |
| Conservation<br>Commission   | 0.125%         | \$2,500                     | \$3,000       |  |
| Parks, and Soil and<br>Water | 0.100%         | \$2,000                     | \$22,400      |  |
| Local Governments *          | 3.880%         | \$77,600                    | \$93,100      |  |

<sup>\*</sup> The 3.88 percent average local government sales tax rate was calculated by Oversight based on tax collections reported by the Department of Revenue.

For fiscal note purposes, **Oversight** will indicate a revenue reduction less than \$100,000 per year for the General Revenue Fund, other state funds that receive sales tax revenues, and for local governments.

**Oversight** is aware that sales tax revenues in the School District Trust Fund are distributed, along with other revenues, to local school districts but will not include those transfers in this fiscal note.

#### ASSUMPTION (continued)

Although officials from the **Office of the Secretary of State (SOS)** did not respond to our request for information, SOS officials responded as follows to similar proposals.

SOS officials assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be greater than our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Officials from the **Joint Committee on Administrative Rules** and the **Department of Revenue** assume this proposal would not have a fiscal impact to their organizations.

# FISCAL IMPACT - Small Business

This proposal could have a direct fiscal impact to small businesses which operate restaurants.

# **FISCAL DESCRIPTION**

This proposal would exempt mandatory restaurant service charges from sales tax.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
