## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume the proposal will have no fiscal impact on their organization.

Officials from the **Department of Revenue (DOR)** assume that only liens filed by the actual lienholder, filed through the Department's Online Notice of Lien System, and declared by the lien holder to be an electronic lien, can be released electronically.

For fiscal note purposes, the implementation date will start in FY 2017 to account for the many programming hours this proposal will require. The following procedures will need to be implemented for the changes in this proposal:

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours at a cost of \$890 in FY `17.
- The titling manual will need to be revised. This will require 40 hours for a Management Analyst Specialist I, at a cost of \$890 in FY `17.
- The Department's website will need to be updated. This will require 10 hours for an Administrative Analyst III, at a cost of \$240 in FY `17.
- Motor Vehicle Bureau testing for identified system modifications will require 80 hours for each system modification for a total of 80 hours by a Management Analyst Specialist I at a cost of \$1,795 in FY `17.
- The promulgation of rules associated with this section will require 80 hours for a Revenue Manager Band 1 to prepare at a cost of \$2,182, communicate with executive staff, and finalize the administrative rules and 15 hours for an Administrative Office Support Assistant at a cost of \$246 to finalize and complete all filing requirements with the Secretary of State's Office.
- OA-ITSD system Modifications will require 5,918 hours at a cost of \$75 an hour totaling \$443,880 in FY `17 and \$90,995 in FY 18.

In summary, DOR assumes a cost of \$450,123 ( $\$890 + \$890 + \$240 + \$1,795 + \$2,182 + \$246 + 443,880$ ) in FY 2017 and \$90,995 in FY 2018 to provide for the implementation of the changes in this proposal.
