Fiscal Analysis

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

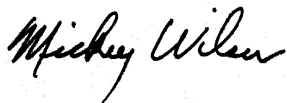

Officials at the **Office of the Attorney General** assume that any potential costs arising from this proposal can be absorbed with existing resources.

Officials at the **Office of the State Courts Administrator**, the **Office of the State Public Defender** and the **Office of Prosecution Services** each assume no fiscal impact to their respective agencies from this proposal.

Oversight assumes this proposal prohibits the use of restraints on children under the age of 17 during court proceedings except in certain circumstances. Oversight assumes this is a change in policy and procedures during court proceedings and will have no fiscal impact for this proposal.

FISCAL ANALYSIS (continued)

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
