FISCAL ANALYSIS

ASSUMPTION

In response to a similar proposal (HB 2163) from 2014, officials from the **Department of Public Safety - Missouri Highway Patrol** assumed the proposal will have no fiscal impact on their organization.

In response to a similar proposal (HB 2163) from 2014, officials from the **City of Columbia** assumed the area described in the bill appears to start at the City of Columbia's southern city limits, go north to Highway WW and then east to Route J, putting a potential destination in the Mark Twain National Forest on the Callaway County side.

Columbia Regional Airport, owned and operated by the City, is located in that general area. If, for some reason, this puts heavier trucks on the airport access road, the City would have additional road maintenance costs from wear on pavement, shoulders and possible damage to adjoining right-of-way.

In response to a similar proposal (HB 2163) from 2014, officials from the **Department of Transportation (MoDOT)** assumed an unknown negative impact to the Road Fund from the increased cost of additional wear and tear to the highways and bridges.

Oversight assumes this proposal extends the municipal commercial zone for the City of Columbia.

Oversight will estimate a cost to the Road Fund and the Local Political Subdivisions of “(Unknown greater than \$100,000)”, since there is no way to quantify the dollar amount of additional wear and tear to the highways and bridges for additional maintenance.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill adds Boone County to the municipal commercial zone previously defined for the City of Columbia. The bill also extends that zone north of U.S. Highway 63 to State Route NN and west and south along Route NN to State Route 124. The bill further extends the municipal commercial zone to include State Route 124 from State Route NN to U.S. Highway 63.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
