FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials from the **Office of the State Auditor** and the **Missouri Senate** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight assumes this proposal would require the state of Missouri to fund the Commission and the Compact Administrator’s activities if not paid for by voluntary donations. Oversight also assumes only the first three states agreeing to be bound by the Compact may appoint a member to the commission. Oversight will range the fiscal impact as \$0 (if Missouri is not one of the first three states to agree to the compact) or unknown (since the expense of the Commission and the amount of volunteer donations is unknown). For fiscal note purposes, Oversight assumes these expenses will come out of the General Revenue Fund.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This act adopts the Compact for a Balanced Budget in Missouri. The goal of the compact is the adoption of the Balanced Budget Amendment to the United States Constitution.

Once three-fourths of the state have adopted the compact, the legislatures of the member states will be deemed to have called for a convention under Article V of the United States Constitution to propose amendments. Delegates to the convention will be appointed by the Governors of each state. Delegates are limited in their authority to only debating and ratifying the Balanced Budget Amendment.

After the constitutional convention has adopted the Balanced Budget Amendment and Congress has referred the amendment to the state legislatures for ratification, each member state to the compact will be deemed to have ratified the amendment.

The Balanced Budget Amendment limits federal spending to revenue received by the federal government plus amounts borrowed under the debt limit. A debt limit is established which will be equal to 105% of the federal debt at the time of ratification of the amendment. The debt limit may be increased, but only for specific line items which must be approved by a majority of the state legislatures. When outstanding debt exceeds 98% of the debt limit, the President shall impound expenditures in an amount to keep debt below the limit. Congress may override an impoundment by designating a different impoundment.

The Balanced Budget Amendment would prohibit any new or increased taxes from being passed by Congress unless approved by two-thirds of the entire body of each chamber of Congress. This prohibition would not apply to a replacement of the income tax with a new sales tax or to a limitation on any tax exemption, deduction, or credit.

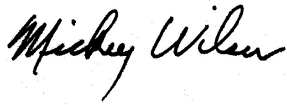

This act contains an emergency clause.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
