FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety (DPS)** state Section 590.750 requires DPS to regulate and license all corporate security advisors in the state. It also gives the director the sole authority to commission corporate security advisors and requires the department to establish a minimum amount of liability insurance to be provided by the prospective or current employer.

DPS states the addition of the program will necessitate the hiring of a Program Representative II at \$30,170 annually. DPS estimates the annual cost for this FTE to be approximately \$55,000 per year.

Oversight notes the corporate security advisors program within DPS was established by SB 656 from the 2014 legislative session. On the fiscal note for that bill, Oversight reflected DPS' additional FTE along with income from licensing fees and renewal fees from the corporate security officers program. Oversight assumes this proposal modifies the requirements of the program; therefore, Oversight will not reflect additional cost to DPS from this bill.

Officials from the **Office of the State Courts Administrator** and the **City of Kansas City** each assume the proposal would not fiscally impact their respective agencies.

Officials from the City of St. Louis did not respond to our request for fiscal impact.
