FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue (DOR)** assumes this proposal eliminates the one-time \$15 plate fee charged for each additional set of Purple Heart license plates.

Administrative Impact:

The following procedures will need to be implemented for the changes in this proposal:

- Procedures will need to be revised by a Management Analyst Specialist I requiring 40 hours at a cost of \$890 in FY `16.
- The Application for Personalized and Special License Plates (DOR-1716) will need to be revised. This will require 40 hours for a Management Analyst Specialist I, at a cost of \$890 in FY `16.
- The Department's website will need to be updated. This will require 10 hours for an Administrative Analyst III, at a cost of \$240 in FY `16.

In summary, DOR assumes a cost of \$2,020 (\$890 + \$890 + \$240) in FY 2016 to provide for the implementation of the changes in this proposal.

Oversight assumes DOR is provided with core funding to handle a certain amount of activity each year. Oversight assumes DOR could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DOR could request funding through the appropriation process.

Revenue Impact:

This proposal will result in a loss of \$585 (39 additional sets) to General Revenue due to the Department not charging the \$15 to applicants for each additional set of Purple Heart license plates.

Oversight assumes some of the potential applicants for the Purple Heart specialty license plate may not apply for an additional set of plates. Oversight will estimate a minimal loss to the General Revenue Fund.

ASSUMPTION (continued)

Officials from the **Department of Corrections** and the **Department of Public Safety - Missouri Veterans Commission** each assume the proposal will have no fiscal impact on their respective organizations.
