FISCAL ANALYSIS

ASSUMPTION

Sections 144.030, RSMo. - Sales and Use Tax Exemption Instructional class.

Officials from the **Department of Revenue (DOR)** noted this legislation proposal would have no fiscal impact on their agency.

Administrative impact

DOR officials did not include any estimate of administrative impact for this provisions, and **Oversight** assumes this provision could be implemented with existing resources

Officials from the **Office of Administration - Division of Budget and Planning (B&P)** assume this proposal would provide sales tax exemptions for fitness facility fees.

B&P officials noted this proposal would exempt charges for instructional classes from state and local sales tax. The B&P response included an estimated fiscal impact as shown in the following table.

Fund or entity	FY 2017	FY 2018	FY 2019
General Revenue	(\$5,700,000)	(\$6,900,000)	(\$6,900,000)

Local Funds	(\$8,000,000)	(\$9,700,000)	(\$9,700,000)

ASSUMPTION (continued)

Officials from the **Department of Natural Resources** assume this proposal would authorize an exemption on instructional classes from sales tax and further assume DOR and B&P will provide a detailed fiscal impact.

Officials from the **Department of Conservation** assume this proposal would authorize an exemption on instructional classes from sales tax and further assume DOR will provide a detailed fiscal impact.

Officials from the **Joint Committee on Administrative Rules** assume this proposal would not have a fiscal impact to their organization in excess of existing resources.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the Secretary of State's Office for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, we also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what our office can sustain with our core budget. Therefore, we reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Due to the lack of data to determine current revenue receipts from instructional classes which will be exempted by this proposal, **Oversight** will show the estimated revenue loss as unknown.
