FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Oversight assumes this proposal, notwithstanding any other provision of the law to the contrary, prohibits the adoption of any tax increment financing from superceding, altering, or reducing sheltered workshop property tax levies. Oversight assumes there might be limitations on where tax increment financing occurs indirectly within §205.971, but there would be no direct fiscal impact from this legislation.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
