FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assume for any joint resolution(s) intended to be paired with this proposal, the SOS is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. Through FY 2013, the appropriation had historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2013, at the August and November elections, there were 5 statewide Constitutional Amendments or ballot propositions that cost \$2.17 million to publish (an average of \$434,000 per issue). In FY 2015, the General Assembly changed the appropriation so that it was no longer an estimated appropriation and the Secretary of State's Office was appropriated \$1.19 million to publish the full text of the measures. Due to this reduced funding, the Secretary of State's Office reduced the scope of the publication of these measures. In FY 2015, at the August and November elections, there were 9 statewide Constitutional Amendments or ballot propositions that cost \$1.1 million to publish (an average of \$122,000 per issue). Despite the FY 2015 reduction, the Secretary of State's Office will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

Unless a special election is called for the purpose, a joint resolutions proposing a constitutional amendment is submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, §§115.063.2 RSMo requires the state to pay the costs. The cost of the special election has been estimated to be \$7.1 million based on the cost of the 2012 Presidential Preference Primary and a cost determined by Legislative Oversight.

Oversight has reflected in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2017. This reflects the decision made by the Joint Committee on Legislative Research, that

ASSUMPTION (continued)

the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2016 and the next scheduled general election is in November 2016 (FY 2017). It is assumed the subject within this proposal would be on that ballot; however, it could also be on a special election called for by the Governor. Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2017.

In addition, **SOS** states prior legislation concerning elections and photo identification has been paired with companion joint resolutions detailing statutory amendments. Considering past court decisions, and due to language contained within this legislation, the implementation of the statutory amendments is effective only upon the passage and approval of a companion joint resolution. Thus, for purposes of this fiscal note, the following costs assume that both the joint resolution and any companion statutory changes are passed.

Implementation of these new identification provisions would require the state's election authority (the Secretary of State) and/or local election authorities to provide advance notice of the personal identification documents required to vote. The advance notice provided by the election authorities would include at a "minimum the use of advertisements and public service announcements in print, broadcast television, radio, and cable television media."

For fiscal year 2017 advance notice advertisements will be provided upon approval by the voters of the constitutional amendment and enactment of implementing legislation and prior to the April 2017 election. For fiscal year 2018 advance notice advertisements will be provided to voters prior to the February and April 2018 elections. For fiscal year 2019 advance notice advertisements will be provided to voters prior to the August 2018 and November 2018 elections. For all subsequent years advance notice advertisements will be provided to voters prior to each federal primary and general election.

Assumptions include:

Production of radio and TV public service announcements-	\$2,000
Print ad to run twice before an election-	\$203,284
Cable television ad to run twice everyday for eight weeks-	\$299,472
TV and Radio ad to run through broadcast media-	<u>\$497,311</u>
Total-	\$1,002,067

Upon enactment of implementing legislation, SOS will send a mailer to all registered voters to notify them of the new identification requirements at a cost of \$2,003,628.62. A similar mailer will be sent before the August 2018 election. For all other elections, the Secretary of State's

ASSUMPTION (continued)

Office will send mailings to newly registered voters prior to each election. Based on the estimated 355,007 newly registered voters in 2014, these mailings could cost \$173,953.43.

Mailing to all registered voters:

4,089,038 registered voters x \$0.49 postage, printing and processing= \$2,003,628.62

Mailing to newly registered voters prior to each election:

355,007 new registered voters x \$0.49 postage, printing and processing = \$173,953.43

Implementation of this measure's provisions imposes new requirements on election authorities in notifications, additional provisional ballots, trainings, affidavits and processes with regard to notifying and processing voters. Whether the notice requirements fall on the Secretary of State or local election authorities, it will be necessary for the Secretary of State's office to request appropriation for these costs. Section 115.430 RSMo requires the Secretary of State to provide provisional ballot envelopes to local election authorities. This joint resolution and any companion statutory change, based on previously filed legislation, will increase the number of elections in which provisional ballots are available and the number of provisional ballots that will be cast. Based on previous history, the Secretary of State will require additional funding for printing provisional ballot envelopes in the amount of \$9,800 per election.

Furthermore, any new state mandates must be funded as additional responsibilities under Article X, section 21 of the Missouri Constitution.

The new photo identification requirements are not limited to statewide elections but will affect every election. The cost per fiscal year will vary based on the number of elections held. In addition to the general municipal election each April and the primary and general elections in August and November of even numbered years, there are additional days available for public elections in February, March and in August and November of odd numbered years, which are used only as needed.

For purposes of the fiscal note for this Joint Resolution, **Oversight** will only reflect the potential cost of the holding the election, not the implementation of the changes if approved by Missouri voters. The costs associated with this change would be reflected in a fiscal note on such bills.

Officials at the **Office of Administration's Division of Budget and Planning (BAP)** assume this proposal should not result in additional costs or savings to BAP. BAP defers to the Secretary of State's Office for potential special election costs.

ASSUMPTION (continued)

Officials at the **Department of Health and Senior Services** and **Department of Revenue** each assume no fiscal impact from this proposal to their respective organizations.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Upon voter approval, this constitutional amendment specifies that a person seeking to vote in a public election may be required by general law to identify himself or herself and verify his or her qualifications as a United States citizen and a Missouri resident by providing election officials with a form of identification that may include requiring valid government-issued photo identification. Exceptions to the identification requirement may also be provided for by general law.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
