## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Department of Health and Senior Services (DHSS)** state section 191.1080 creates the Missouri Palliative Care and Quality of Life Interdisciplinary Council and directs the DHSS to coordinate meeting logistics. These activities will be accomplished through the use of current staff.

Funds are requested for the reimbursement of travel expenses for the Council members to attend Council meetings. DHSS assumes the meetings will be held biannually. The cost per Council member to attend these meetings is calculated at \$180 per day for lodging, meals, and mileage. The total cost for the Council meetings in the first year is calculated at \$1,980 (11 members x 1 meeting x \$180). Subsequent years include a 2.5 percent cost of living increase and two meetings per year.

Total Cost:

FY 17: \$1,980 General Revenue (GR)

FY 18: \$4,059 GR

FY 19: \$4,160 GR

Section 191.1085 creates the Palliative Care Consumer and Professional Information and Education Program within DHSS. DHSS is to publish information and resources, including links to external resources, about palliative care on its website. Some resources are already identified on the DHSS website. The addition of further resources, links, etc. on the website will be accomplished through the use of current staff.

**Oversight** assumes DHSS appropriations are sufficient to cover the Council members' travel costs within current funding levels. If costs significantly exceed estimates, the DHSS may seek additional resources through the appropriations process.

Officials from the **Office of the Governor (GOV)** state section 191.1080 establishes the Missouri Palliative Care and Quality of Life Interdisciplinary Council which includes seven gubernatorial appointees. There should be no added cost to the GOV as a result of this measure. However, if additional duties are placed on the office related to appointments in other Truly Agreed To and Finally Passed (TAFP) legislation, there may be the need for additional staff resources in future years.

Officials from the **University of Missouri (UM)** state the proposal should not create additional expenses in excess of \$100,000.

**Oversight** assumes the UM's statement indicates any costs that may be incurred are absorbable within current funding levels.

ASSUMPTION (continued)

Officials from the **Joint Committee on Administrative Rules** assume the proposal would not fiscally impact their agency.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Officials from the **Missouri Senate** assume the proposal would not fiscally impact their agency.

Officials from the following **hospitals**: Barton County Memorial Hospital, Bates County Memorial Hospital, Cedar County Memorial Hospital, Cooper County Hospital, Excelsior Springs Medical Center, Putnam County Memorial Hospital and Washington County Memorial Hospital did not respond to **Oversight's** request for a statement of fiscal impact.

<u>FISCAL IMPACT - State Government</u>	FY 2017 (10 Mo.)	FY 2018	FY 2019
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2017 (10 Mo.)	FY 2018	FY 2019
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
