FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol**, the **Department of Corrections**, and the **Office of the State Courts Administrator** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Office of Prosecution Services (OPS)** assume the proposal would not have a measurable fiscal impact on their agency. The creation of a new crime creates additional responsibilities for county prosecutors which may, in turn, result in additional costs which are difficult to determine.

For the purpose of this proposed legislation, officials at the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons are faced with the enhanced crime of fraudulent procurement of a credit or debit device, if he knowingly possesses a fraudulently obtained credit or debit device, a Class A misdemeanor.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases where the right to counsel attaches.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

FISCAL IMPACT - Small Business

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
