## FISCAL ANALYSIS

### ASSUMPTION

#### **Section 67.287**

Officials at the **Office of the Attorney General (AGO)** assume under this proposal, the AGO has the duty to review and to determine whether or not a municipality is operating below minimum standards and to file suit to enforce its provisions (Section 67.287.3). The AGO assumes that the costs associated with this proposal can be absorbed with existing resources. The AGO may seek additional resources if there is a significant increase in its caseload.

In response to a previous version, officials at **St. Louis County** assumed no fiscal impact from this proposal.

**Oversight** assumes this proposal reflects a change codifying statute and should have no direct fiscal impact to the proposal.

#### **Sections 67.398, 67.402, 67.451**

In response to a previous version, officials at **St. Louis County**, the **Callaway County Commission**, the **Platte County Board of Election Commission**, the **St. Louis County Board of Election Commission** and the **Springfield Police Department** each assumed no fiscal impact to their respective entities from this proposal.

#### **Section 71.980**

In response to a previous version, officials at the **Department of Revenue** assumed no fiscal impact from this proposal.

In response to a previous version, officials at the **City of Jefferson** assume no fiscal impact from this proposal.

Officials at the **City of Kansas City** assume this section of the proposal has a disclaimer by the State of the responsibility for the debts of cities, despite the reduction of revenue many bills will accomplish. The City of Kansas City estimates no fiscal impact on this proposal.

#### **Sections 77.700, 77.703, 77.706, 77.709, 77.712, 77.715, 79.490, 80.570, 82.133, 82.136, 82.139, 82.142, 82.145, 82.148**

In response to a previous version, officials at the **Office of the Secretary of State** assumed no fiscal impact from this proposal.

ASSUMPTION (continued)

In response to a previous version, officials at the **St. Louis County Board of Elections** assumed if a large city petitioned to disincorporate in an even year, it would create a sizable petition to validate signatures. The increase in temporary staff would cost somewhere in the range of \$7,500 to \$15,000 to handle the extra volume.

In response to a previous version, officials at **St. Louis County** assumed should a third class city within the County be dissolved, the County would receive revenues from sales tax, utility gross receipts tax and road and bridge taxes that had previously gone to the city. The amount of revenue to be received depends on the city(ies) to be dissolved. The County would incur costs up to \$12,500 per day for publication of the election in a local newspaper, as well as an undetermined amount to hold the election. If the County were to appoint a County employee as trustee, it would cost the County staff time and resources to support that employee. The County would provide municipal-level services to the dissolved city, such as police protection, road maintenance, code enforcement, etc.

**Oversight** assumes revenues from taxes on a disincorporated city(ies) would be an unknown positive to St. Louis County depending on if one city or multiple cities disincorporate in the same year. Oversight also assumes there would be increased cost to support the disincorporated city(ies) for services such as police, fire, etc. If an election to disincorporate a city(ies) is held, according to Section 77.700.3, notice of the election needs to be given in a newspaper for four weeks. Assuming the notice of the election is run everyday for four weeks, (28 days times \$12,500 per day for publication of the election) this cost would be up to \$350,000 per city. Oversight also assumes there is a potential in the future for some savings due to the economies of scale and the duplication of services between St. Louis County and the city(ies). Therefore, Oversight will reflect an expenditure for St. Louis County of \$0 (if no city disincorporates) or an unknown amount (for the cost of publication of the election in the newspaper).

**Section 304.190**

In response to a previous version, officials at **Missouri Department of Transportation** assumed no fiscal impact from this proposal; however, increased weights will cause additional wear and tear on fragile roads causing an unknown impact.

**Sections 479.350, 479.353, 479.359, 479.360, 479.368**

In response to a previous version, officials at the **Department of Revenue** assumed no fiscal impact from this proposal.

In response to a previous version, officials at the **Callaway County Commission** assumed no fiscal impact from this proposal. However, the County can see how this proposal could cause

ASSUMPTION (continued)

some counties and cities to do additional paperwork.

In response to a previous version, officials at the **City of Independence** assumed a loss of \$400,000 in revenue per year from this proposal.

In response to a previous version, officials at the **City of Dardenne Prairie** assumed this proposal could create a fiscal impact but could not quantify it at this time.

In response to a previous version, officials at **St. Louis County** assumed no fiscal impact from this proposal.

In response to a previous version, officials at the **City of Jefferson** assumed this amendment would decrease their original cost from \$40,000 per year to \$10,000 per year.

Officials at the **City of Kansas City** assume the City's reply to LR 4953-06 (SS for SCS for SB 572) remains generally applicable, recognizing that the minimum fine has been increased to \$225 for minor traffic offenses and \$200 to \$400 for nuisance, zoning, etc. cases. The most recent version of the bill attempts to clarify some definitional matters, but does not affect the ultimate significant indirect losses and costs.

**Oversight** inquired with officials at the Department of Revenue regarding the number of payments that have been redirected from local political subdivisions to schools for traffic fines; the annual totals were:

Year	Amount
2011	\$ 19,205
2012	\$ 107
2013	\$ 0
2014	\$ 5,000
2015	\$390,741

**Oversight** assumes that there are numerous local political subdivisions that could potentially realize more than 20% of their annual general operating revenues due to this legislation adding municipal ordinance violations to the annual general operating revenues calculations. This could result in increased revenues to schools and a loss in revenue to local political subdivisions. Oversight also recognizes there are numerous local political subdivisions that could be affected from limitations placed on fine amounts. Therefore, Oversight assumes a direct fiscal impact to local political subdivisions of \$0 or a negative unknown.

ASSUMPTION (continued)

**Bill as a whole**

Officials at the **Office of the State Courts Administrator** assume the proposed legislation modifies provisions relating to municipal courts. There may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

Officials at the **Department of Natural Resources**, the **Office of the State Auditor** and the **State Tax Commission** each assume no fiscal impact to their respective agencies from this proposal.

In response to a previous version, officials at the **Department of Revenue**, the **Office of the Secretary of State**, the **Department of Mental Health** and **Department of Public Safety's Missouri Highway Patrol** each assumed no fiscal impact to their respective agencies from this proposal.

Officials at the **Cole County Sheriff's Department**, the **St. Louis County Justice Services** and the **City of Columbia** each assume no fiscal impact to their respective entities from this proposal.

In response to a previous version, officials at **St. Louis County**, the **St. Louis County Board of Election Commission**, the **Springfield Police Department**, the **Jackson County Board of Election Commissioners** and the **Platte County Board of Election Commissioners** each assumed no fiscal impact to their respective entities from this proposal.

Officials at the following counties: Andrew, Atchison, Audrain, Barry, Bollinger, Boone, Buchanan, Camden, Cape Girardeau, Carroll, Cass, Christian, Clay, Cole, Cooper, DeKalb, Dent, Franklin, Greene, Holt, Jackson, Jasper, Jefferson, Johnson, Knox, Laclede, Lawrence, Lincoln, Maries, Marion, McDonald, Miller, Mississippi, Moniteau, Monroe, Montgomery, New Madrid, Nodaway, Ozark, Perry, Pettis, Phelps, Platte, Pulaski, Scott, Shelby, St. Charles, St. Francois, Taney, Warren, Wayne and Worth did not respond to **Oversight's** request for fiscal impact.

Officials at the following cities: Ashland, Belton, Bernie, Bonne Terre, Boonville, California, Cape Girardeau, Clayton, Des Peres, Excelsior Springs, Florissant, Frontenac, Fulton, Gladstone, Grandview, Harrisonville, Joplin, Kearney, Knob Noster, Ladue, Lake Ozark, Lee Summit, Liberty, Louisiana, Maryland Heights, Maryville, Mexico, Monett, Neosho, O'Fallon, Pacific, Peculiar, Pineville, Popular Bluff, Raytown, Republic, Richmond, Rolla, Sedalia, Springfield, St. Charles, St. Joseph, St. Louis, St. Robert, Sugar Creek, Sullivan, Warrensburg, Warrenton, Webb City, Weldon Spring and West Plains did not respond to **Oversight's** request for fiscal impact.

### FISCAL IMPACT - Small Business

There could be a direct fiscal impact to small businesses as a result of this proposal.

### FISCAL DESCRIPTION

Sections 77.700, 77.703, 77.706, 77.709, 77.712, 77.715, 79.490, 80.570, 82.133, 82.136, 82.139, 82.142, 82.145, 82.148

This proposal decreases the number of signatures required on a petition to disincorporate a city of the fourth class or a village in St. Louis County from 50% to 25% of voters, and decreases the voter approval percentage for disincorporation from 60% to 50% plus one voter.

Sections 479.350, 479.353, 479.359, 479.360, 479.368

This act changes the definition for minor traffic violation to include traffic ordinance violations for which no points are assessed to a driver's driving record and amended charges for any minor traffic violation and adds a definition for municipal ordinance violations. Municipal ordinance violations and amended charges for municipal ordinance violations are added to the calculation limiting the percentage of annual general operating revenue that can come from fines and court costs for minor violations and to provisions regarding fines, imprisonment, and court costs in municipal court cases.

Additionally, the maximum allowable fine for minor traffic violations and municipal ordinance violations has been lowered from three hundred dollars to two hundred dollars and no court costs shall be charged to defendants found to be indigent. Municipal courts are also required to not charge defendants for costs associated with community service alternatives. Municipal ordinance violations are also added to municipal disincorporation provisions if a municipality fails to remit excess annual general operating revenue to the Department of Revenue for the county school fund and the disincorporation threshold has been lowered from sixty percent to a majority of participating voters.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
