**FISCAL ANALYSIS**

**ASSUMPTION**

Officials at the **Department of Higher Education** assume in the State of Missouri, there are currently five certified yoga schools. The minimum re-certification fee is \$500, so the Proprietary School Certification Fund would lose at least \$2,500 each year.

**Oversight** notes this proposal would exempt a yoga teacher training course, program or school from the certification requirements of proprietary schools. The current minimum re-certification fee is \$500 per school. All revenue from the certification fees are deposited into the Proprietary School Certification Fund (0729). The balance in the fund on June 30, 2015 was \$268,169. Oversight assumes this proposal would create a loss to the fund of at least \$2,500 yearly.
