FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** assume this proposal would have an unknown impact to the State Board of Nursing contingent on potential future appropriations made by the General Assembly to fund the Nursing Education Incentive Program.

Officials from the **Department of Higher Education (DHE)** assume the current proposal would not fiscally impact their agency. All staff that are currently processing the nursing education incentive program also process the other state aid programs.

DHE notes that the Nursing Education Incentive Program spanned three years, FY 2012, FY 2013, and FY 2014. DHE noted that the last year's nursing education grant recipients were:

Avila University	\$150,000
Maryville University	\$150,000
St. Charles Community College	\$142,260
Truman State University	\$150,000
University of Missouri-Columbia	\$150,000
University of Missouri-St. Louis	\$139,276
William Jewell College	<u>\$118,464</u>
TOTAL	\$1,000,000

Expenditures for this program were:

FY 2012	\$982,810
FY 2013	\$997,525
FY 2014	\$1,000,000

Oversight assumes the changes in the proposal will not create a fiscal impact to the state. Oversight also assumes if the program is given an appropriation in the future, the State Board of Nursing will be able to administer the program with existing resources.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

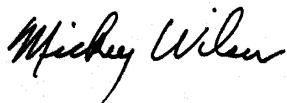

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
