FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials from the **Department of Public Safety - Missouri Highway Patrol** and the **Boone County Sheriff's Office** each assume the proposal would not fiscally impact their respective agencies.

In response to a similar proposal from this year (HB 1930), officials from the **Springfield Police Department** assumed the proposal would not fiscally impact their agency.

Officials from the **Cole County Sheriff's Department** state the fiscal impact is twelve times the annual reporting currently in place. Additionally, many reported domestic violence calls are unfounded. Reporting an unfounded call falsely inflates the statistics. My policy is that if domestic violence occurs, the primary physical aggressor is arrested.

Oversight assumes the proposal would not create an additional fiscal impact to local law enforcement agencies.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
